[2023-03 – Nelson/Bullitt | 4-8307.20 | KY-245](#)

QUESTION: The prequalification requirements identify *Photogrammetry & Related Services*; however, Section X. Photogrammetric Services states that the Department will provide LiDAR digital mapping while the selected consultant shall supplement with conventional survey. Please clarify which of these categories are required.

ANSWER: The Department will provide statewide LiDAR but the consultant shall be responsible for providing traditional *Surveying* prequalifications. *Photogrammetry and Related Services* prequalifications will not be required but may be included or added if necessary. Please see Section XV. Prequalification Requirements of the revised RFP for more details.

[2023-03 - Statewide Independent Cost Estimator Services](#)

QUESTION: Do subconsultants have to be registered with the Commonwealth of Kentucky at the time of submittal?

ANSWER: No. Subconsultants must be registered before issuing a contract but it is not required prior to submittals.

QUESTION: Under Section V. Scope of Work, please expand on the “training” requirements.

ANSWER: The Department may choose to have the selected consultant(s) educate KYTC staff on the independent cost estimating process.

QUESTION: Will a Kentucky PE license be required to perform Independent Cost Estimating services?

ANSWER: No.
